

Milk River Valley, Montana      August 6, 1889

Hill to Rev. J.H. Champagne, Great Falls

Would be glad indeed if we could succeed in getting a considerable number of French Canadians to emigrate to the Milk River Valley. Such hardworking, resolute people deserve a better climate and soil."A great many are leaving that country for the United States, mainly going to Fall River, Lowell and Holyoke." Cannot understand Bishop Rondell's opposition.
