

Minneapolis - Waterpower      June 29, 1889

Hill to Hon. Chas. S. Fairchild, Pres. N.Y.  
Security & Trust Co.

In answer to your inquiry "in relation to the Minneapolis Water Power and Mill enterprise, I beg to say that these milling properties, ever since their construction, say from eight to twelve years ago, have been uniformly understood to pay large returns on the investment. They have been considered about the best paying property in the Northwest."

JJH LetterBook, 2/15/89 - 10/23/89, p. 363
