

Minnesota Iron Mines (Minnesota Iron Co?)  
May 4, 1887.

Marshall Field to Hill.

Has been on a trip with H.H.Porter and H.R.Bishop to look at the Minnesota Iron Mines. The result of the trip "was the purchase by Mr. Porter yesterday, of Tower's interest in R.R. & mines which is all stock of former & say 71% of latter...I know Mr. Porter & all would like you included in the purchase. Of course it is somewhat speculative but a risk I believe you can afford to take."
