

Montana Northern Road

July 14, 1886

Hill to C.A. Broadwater

Maginnis is here and did all possible for us in Washington. Please send soon full copy of articles of incorporation of the the Montana Northern and meantime do not take any action looking to location, building or otherwise north of Sun River, as such a course would probably prejudice our interests at Washington, where I hope we will be able to arrange matters before any time would be lost in pushing the work.
