

Montana Securities April 2, 1886

Hill to Marshall Field, Chicago

Re Montana properties. Since I sent your Prof Newberry's report, six of the mines have been opened, all with good success. The coal, iron and limestone are in the same field, one over the other. In making the allotments of blocks of stock I have tried to decide your wishes, ~~but~~ but you should judge for yourself. Gives terms &c.

JJH LetterBook, 3/22/86 - 10/22/86, p. 64
