

Morgan, J. Pierpont

July 1, 1902 ✓

Gaspard Farrer to Hill

Criticism of Morgan. "I think he has set a bad example in his big paper capitalizations of recent years and a worse one in exacting commissions for his firm on deals in which he is really the dominant factor on both sides of the table; but as you write, he is a leader and worth the whole lot of that miserable... money grubbing clique of slanderers."
