Muller-Uri to JJH, General Correspondence

"Having near everything ready for the portraits of your children Master Walther and Richel [sic] I would be very glad if you would have the kindness and let me know when my coming to St. Paul is convenient to you. Any time you may appoint I will be at your disposition. Jan Chelminski returned from St. Petersburg to London and feels very happy of his success. He is still in corresponding with Mrs. Chelminski."
