

Nor. Pac. Road - Reorganization July 10, 1895

Hill to Jacob Schiff

Re Northern Pacific reorganization and newspaper coverage, slanted to prevent public fears of consolidation. "I am getting through Livingston abstracts of the actual books of the Northern Pacific covering all income from traffic other income from other sources and Land grant which will be of value and which I will send you as soon as made up." Re the "curious" sinking fund provision in the Nor. Pac. First General mortgage. This was called to my attention by Clough.
