

Nor, Pac. Road - Reorganization card 4 6/24/1895

ary facilities on fair terms, particularly the passenger traffic, it would seem unwise to put on another line. The mail service for the U.S. Gov^t may make an American line necessary, but I think ~~that~~ is doubtful. Sir Donald is expected tonight and sails on the St. Louis tomorrow. With kindest regards to Lady M.S. and to Gaspard [Farrer] I

^{am} faithfully yours Jas. J. Hill
