

North Oaks Farm - Herd

May 28, 1886

Hill to Robert Anketell, Campbell, Minnesota
I enclose pass to St. Paul & return for you &
6 others & will be glad to have you invite
your neighbors to accompany you to visit my
farm, whose principal object is to demonstrate
in a practical way that livestock can be raised
in Minn. as well as, or better than in any of the
Western states. Wherever my cattle have been
shown, whether at the World's Exposition at New
Orleans or at the Chicago Fat Stock Show, they
have taken the first prizes.... I will be glad
to see you & become acquainted with a man who
has started in on his own hook & accomplished
what you have in the [redacted] of live stock."
