

North Oaks Farm

December 20, 1900

Carbon. [Toomey] to Messrs. J. Faricy
and T. F. Martin.

"Mr. Hill thinks his North Oaks Farm is large enough, and..has all the land he wants; at the same time he has no objection to squaring off some parts of the farm, and we have within the last year or two picked up two or three tracts, but we have never paid over \$16.50 per acre."
