

Northern Steamship Co.

Feb. 8, 1888

Printed circular, James J. Hill to
Stockholders of Manitoba Road.

"To secure adequate facilities on the lakes, a controlling interest has been acquired in the Northern Steamship Company, now building six large steel steamers to run between Duluth, Superior, Cleveland, Buffalo and other lake ports. Two of these steamers will be ready on the opening of navigation, two during the summer and the remaining two during the fall and winter."
