August 23, 1919

Mrs. D. A. Weed to J. J. Toomey.

"The Captain [Weed] "is in command of steamship 'Pawtucket' and has sailed for South America.

Before he left New York he wrote me the "Wacouta" had been sold to a party of Greeks, who would fix her over in good shape -- and take her to Greece -- and use her as a passenger boat. This information came from Mr. Geo. Bakers Captain."
