

Hill, James J. - Yacht

December 3, 1915

D. A. Weed to J. J. Hill.

Evidently J.J.Hill was planning to buy or build a new yacht to replace the "Wacouta," for a special trip. Enclosed in letter is blueprint and photograph of a yacht which Weed thought to be "about the best moddle [sic] for the trip you want to take than any I have seen."

Also see carbon of Hill's reply to Weed dated December 17, 1915 which states: "I will wait and use the 'Wacouta' next season and probably arrange for another, either buy or build later."

Filed in J.J.Toomey papers.
