"JNH" [James H. Hill] to "My Dear  
Father."

Has seen Cannon, Schiff and Moore, but has not been able to find Baker in his office. States that he has "talked the ore business over with Mr. Schiff and he thinks the little R.R. & the mines should be owned by a company composed of our friends. I thought such a company could be got up from G.N. stockholders who are known to be permanently interested in the proper and men such as

Lord M.S. [Mount Stepr ], Mr. Kennedy, Mr. Thorne Mr. Moore &c. & Mr. Paine might be useful in securing customers for the ore."
