

Hill, J.J. - N.Y. real estate      October 4, 1901

J.S. Kennedy to Hill

Re Hill's buying land in New York City to put up an office building of his own. James Speyer makes the offer; it is close to Kuhn, Loeb & Co. My advice is to take it, since I know its value being one of the Committee of Seven in charge of real estate for N.Y. Chamber of Commerce (we almost bought it). Re Louis W. Hill's wedding next Wednesday.
