

Hill, J. J. - Prizes

December 7, 1906

Ole Carlson & Family to Hill

"I have received [sic] your first prize and wish to express my heartfelt thanks for your kindness. When I came to this country I had nothing. When I settled into this new country we were glad when you built your road over our homestead and after a number of years of work in making this place our home, you come and give a prize [sic] that the whole country is proud of."
