

Hill, J.J.-Yacht

October 26, 1897

J.H.Biles to J.J.Hill.

"Since returning, I have had a copy made of the drawings of the steam yacht Eleanor, which you seemed to be interested in when we were talking yacht. I send you this copy herewith [not with letter] as it may interest you to look through it at your leisure. I hope however that you will see your way to building a yacht, when you have made up your mind what is the limit of length you can get through the locks..."
