

Hill, Louis W. - Wedding

August 9, 1901

John S. Kennedy to J.J.Hill

Was relieved to get your cable, especially "as the condition of affairs in New York as reported in the Paris N.Y.Herald and the London Times indicate a state of affairs such as can only be represented by the word 'mania.' Has heard that Hill has put through the C.B.& Q trade "as you told me you would last time I had the pleasure of seeing you." Was pleased to get Louis' cable announcing his engagement to Miss Maud Taylor and that they would be married June 5."
