

Oregon - Railroads

November 8, 1909

Hill to John F. Stevens

Re railroad building in Oregon. "Our first job is to get down to Southern Oregon and develop the work we have in hand....The map of Oregon showing the timber is interesting. There is more timber in the Southern Cascades than I supposed. Reconnaissance from Grand View to Malheur Lake. Jordan Valley line offers a better solution. Wants grading along Des Chutes Valley pushed and a decision made re crossing the Columbia R.
