

Oregon Ry. & Nav. Co.

February 2, 1900

Hill to Schiff

Union Pacific owns practically all stock of O.Ry. & N. Co. property."I saw the Superintendent of the Hunt Lines yesterday. He was brought up on our road and I think I can rely on his statement when he assures me that his year they carry little in excess of five million bushels of wheat off that line. Under the arrangement proposed in my memorandum this line goes to the Union Pacific. I think I can get the acceptance of the Northern Pacific through Morgan and Company," but there's "many a slip 'twixt the cup and the lip."
