

Pettigrew, R.F.

Carbon. [J.J.Hill] to Hon. R.F.Pettigrew.

"I would be glad to gratify your ambition to swell the campaign fund but my ambition does not go far enough in that direction . I think Mr. Bryan will make a better race this time than he did in his former campaigns, but I do not see how he can succeed without some of the larger states which the opposition will probably prevent him from carrying."
