

Pettigrew, R.F.

October 11, 1899

Pettigrew to Hill.

Has found an engineer, W.R.Smythe of Madison, D.D. who has been engaged in railroad work all his life.

Wishes to know if Hill will furnish the money for making the survey. Believes this will give Pettigrew great prestige in the state, especially as he is a candidate for re-election next year.
