

Railroads - Bonds

Sept. 28, 1878

Hill to J. S. Kennedy & Co.

"Judge Dillon would not make any delay if we had the proofs to show him that we had published his order in Holland in June last & thus given every bondholder ample chance to take his proportion of debentures, and full notice of our course in case the bondholders did not take the debentures." So be sure to get the proofs properly authenticated of the publication in London & Amsterdam.
