

St. Paul & Duluth Road

February 15, 1886

Hill to Hallin & Peterson, Cambridge, Minnesota  
"We were aware of the survey by the M. & N.W. RR  
but it seems doubtful that they will build a  
road in that section. The St. Paul & Duluth  
Company has but little local business, and to  
divide it would leave small pickings for both.  
We may run a line from Anoka up this winter,  
as we have some idea of shortening our line  
between St. Paul and Minneapolis and that sec-  
tion of the country."
