

St. Paul & Pacific Road

Nov. 24, 1875

Hill to David [Young?]

"The late news from Amsterdam goes to show an early settlement of all the St Paul & Pacific difficulties and parties who claim to speak by authority say the line will be built to Pembina or St Vincent by next fall at latest....If any of our friends in Winnipeg would like an interest in the Steamboat line running into that Province I think therewouldbe no trouble in getting what stock they want."
