

Schiff, Jacob

September 12, 1899

Jacob Schiff to J. J. Hill.

Has received Hill's letter re the Great Northern, and Baltimore and Ohio properties. Feels that the diversity of traffic on the Great Northern is a fine accomplishment. Notes that plans for the holding company [Northern Securities] are progressing.

Salomon has gone to Europe and the Executive Committee [of the Baltimore & Ohio Road] has met and decided to request Cowen to confer with Underwood and the chief engineer of the company.  
General correspondence by date
