Hill to Stephen

Browne is trying to sell entire coal property. When Van Horne was here I spoke of trying to get Wheelock to employ another and more friendly correspondent at Ottawa for Pioneer Press. Van Horne named the "Mail" Ottawa correspondent. A day or so later Wheelock brought me the enclosed, which is so untrue and uncalled for as far as it concerns the Manitoba Road that comment is unnecessary. Please show to Van Horne and ask him to name someone else if he wishes me to carry it further with Wheelock.
