

Stephen, George

April 9, 1897

Stephen to Hill (on mourning stationery)
I will do all I can to help you carry out your plans for the Great Northern and Northern Pacific."I will (as I meet Morgan) stand by you, to the full extent of my ability, but my motive in so doing is not a money making one... but I do care very much to see the old Ry occupying the position which I think it entitled to on its merits."
