Hill to Stephen

Re Van Horne and the great tie-up of cars at Winnipeg."I took Shepard with me to Winnipeg & we met Langdon there.They claim they have ... about 1600 teams on the work and over 200 on the way in...They are sending to the C.P. about 40 or 50 men daily and say they will put on force enough to grade the 500 miles,and will have supplies ahead over the 100 miles beyond the end of track."
