Hill to Stephen

[Edmund] Rice returned recovered from Lake Superior. Resolution re Breed to be given Trustees. Work on Pembina Branch going well since arrival of iron; laying rate $1\frac{1}{2}$ miles per day. Will try for 2 miles if we get iron as fast as promised. Doubt we will reach Pembina before Oct. 15. Ties are important and are in short supply. Glad to oblige Mr. [R.B.] Angus re Birney [possibly word is Binny or Binning]. Upham needs money & desired to sell \$9,000 of his \$29,000 twelves [bonds] @ 90¢, which is high. 75 ¢ is regular.
