Hill to John S. Kennedy

Re coal from Illinois and its price compared with coal from other sources. Mellen on my advice bought the Union Depot and Terminal Property at Stillwater used by the Chicago, St. Paul, Minneapolis and Omaha and by the Chicago, Milwaukee and St. Paul roads at \$90,000 (original cost \$350,000).

Hill to Daniel L. Lamont

Purchase of Stillwater Terminal property by Northern Pacific at Hill's recommendation.

"It is undoubtedly the right thing for the Northern Pacific, and as it is used by the C.St.P.M.& O and C.M.& St. Paul Ry Companies, the Northern Pacific should get rental enough to more than pay the interest on the investment."
