Hill to Taft

Congratulations on his election as president; discusses the campaign; advises a strong cabinet; thinks either J.B. Forgan or Jno.J. Mitchell good for Treasury, but obviously prefers Mitchell; both are from the West and so are free of Wall Street influence; recommends John F. Stevens for Panama Canal survey.

Hill to Taft (in Hill's autograph)

Enthusiastic congratulations on your recent election, and confidence in the strength of the Gatun dam foundation, since it was John F. Stevens' work.
