

Taylor, James W.

Jany 28, 1879

To George Stephen

Hill characterizes James W. Taylor & hopes he will not be disappointed with Hill's reply to his letter asking to be land agent for the rr. Sawyer's job in selling land has been well done: 1600 of the 653,000 acres that he has listed. He will list more of the lands as they are received in the Extension grant.
