

Tod, J. Kennedy

March 22, 1882

Hill to Tod (of Kennedy's firm)

Movement of people along all of our new lines is very gratifying. I am sure that we owe \$150,000 per month of our earnings to this source. Capt. Power is doing good work in the Land Dept. & the year's work under his charge will show receipts doubled, prices of lands increased and expenses greatly reduced. Land Dept. up to March 20 (20 days) showed sales 9,839 acres for \$59,377.73, cash receipts \$21,825.06. "I think we cannot count much on very material help from Mr. Don. A. Smith. His health is not very good and having largely retired" etc.
