Toomey to Hill

Wants Hill's recommendation for a position with American Cotton Oil Co. "I am,therefor, making bold to write you as it is a chance of a life time for me; and if you can see your way clear to say something favorable of the services rendered by me during the thirteen years I was in your employ, I am sure you will not regret it.... I cannot express in words my regret for the annoyance I caused you and your family some years ago."
