

Tuck, Edward

December 15, 1899

Hill to Tuck, Paris

carbon & letterbook

Thanks for getting apartments for us. Hope
Jr., L.W., possibly Mrs. JJH and one of the
girls will go over during the winter and look
after the furnishing. Cascade Tunnel is nearly
completed. Re profits from Mesabi Range iron
mines. We have bought the Sioux City and
Northern Road and the Sioux City Short Line to
give us access to the Southwest for our lumber
and coal with corn as a return load.
