

Tuck, Edward

December 19, 1898

Edward Tuck to J. J. Hill.

Expresses regret "not to be interested with you in Balt. & Ohio" but has been unable to get information about this road. Is sorry to learn Porter is leaving the bank - he has been most valuable. States he "has been holding on to all the Great Northern Ry. stock that he can, that he is "closing out other interests" and that he knows "of no investment today selling so cheap, in view of its present earnings and prospective growth"
