

Twin Cities - Fair grounds September 26, 1885

Hill to J. S. Kenneday

Have added double tracks to the new State Fair Grounds between St. Paul and Minneapolis at a cost of about \$20,000. Our receipts from passengers during the Fair from St. Paul & Minneapolis were \$17,318.05 to which will be added about \$1000.00 for transfer charges. thus you will see the new property has paid net about  $\frac{3}{4}$  of its cost."
