

Van Horne, W. C.

January 18, 1886

Hill to Van Horne

Mr. Fisher says they are going East next month to make their arrangements for lake connections. It has occurred to me that your company [Fisher was pres. of St. Paul & Duluth Railroad Co.] could give them a good connection east ... by way of Thunder Bay and rail to Montreal. This would, of course, necessitate your putting on some steamers between Port Arthur and Duluth.
