

VOUCHERS File

There are no numbers to the early vouchers, 1874-August, 1881. Then for a time the vouchers are numbered to the end of each month, beginning with #1 in every instance. This plan was followed until the end of 1887. With 1888 the vouchers start with #1 and continue through the year -- to 1500. With 1896 they start with # 1 and continue consecutively until the end of Hill's life. The last voucher number is 57,873.
