September 1, 1881

R. B. Angus to Walker, c/o Morton Bliss & Co., N.Y

I have a note from Sir John Rose informing me that you will probably come to this city before you return to England... It will afford Mr. Stephen and myself much pleasure if we can in any way assist in making the journey agreeable to yourself and family.... To reach Winnipeg you pass from St. Paul over our Minnesota Railway and when you cross the boundary you fall into our hands again as Directors of the Canadian Pacific." Re Lord Lorne's itinerary.
