J.S. Kennedy to Hill

"Ex-Senator Washburn has been here during the past few days, and I wish to say to you confidentially that I am informed he and some others associated with him have purchased 120,000 acres or thereabouts of lands from the Northern Pacific Railroad Company, & that they have organized a Company under the corporate name of the Bismarck, Washburn & Great Falls Railroad Co., and as I understand, propose to build a line of road from Bismarck through the lands they have purchased, to Great Falls." Re Tod's notes.
