

Willius, Ferdinand

September 5, 1877

Hill to Hamilton Browne

I had to give up my trip to the coal field being out of the city. I leave tonight for the East for ten days. I had it all arranged with Willius to go down to Iowa ten days ago, but my other matters [St. Paul & Pac. deal] came on faster than I thought they could possibly have done and of course I have no choice but to go at once.
