

Wood as fuel

November 12, 1880

Hill to W. R. Marshall, Railroad Commissioner

Your letter received. "We are doing all in our power to supply settlers on our Breckenridge Division with wood as fast as called for. Since October first we have distributed between Willmar and Breckenridge some three thousand cords of wood and for the present week we have averaged about twenty-five cars a day."

St. P. M. & M. Ry. Letter Book, 4:206(10/4/80-4/12/81)
