An Inventory of Its Photographs of Buildings

OVERVIEW OF THE RECORDS

Agency: Minnesota. Division of Forestry.
Series Title: Photographs of buildings,
Dates: [ca. 1930s].
Quantity: 0.7 cu. ft. (2 boxes).
Location: 121.A.5.6 – 121.A.5.7

SCOPE AND CONTENTS OF THE RECORDS

Undated and unattributed black and white photographs of forestry buildings and towers. While the significance of the identification numbers (i.e. "F.B. 457") found on the photographs is uncertain, the numbers do appear on plaques on the sides of buildings in several photographs. F.B. presumably stands for "Forestry Building" and F.T. for "Forestry Tower." While the majority of the photographs include some indication of building type, the labeling is inconsistent and the penciled handwriting occasionally illegible.

ARRANGEMENT OF THE RECORDS

The photographs are arranged first alphabetically by location name, hereunder numerically by identification number.
