- Location:** See Detailed Description section for box locations.

SCOPE AND CONTENTS OF THE RECORDS

Agenda packets (1970-1982) and correspondence (1973-1977) documenting the activities of this advisory committee. The agenda packets include agendas, minutes, reports, and committee staff evaluations of program proposals or areas of study submitted by the state's community colleges, state colleges, University of Minnesota, and area vocational technical institutes.

The correspondence, kept by Dr. James Wertz, Jr., Professor of Physics and Director of the Education Development Center, University of Minnesota, and a member of the committee, is mainly between Wertz, other University faculty, and Richard C. Hawk and Donald P. Draine, Board staff members. It largely concerns new curriculum proposals at Minnesota colleges, including a medical education program at the University of Minnesota-Duluth, a nursing program at Rochester Community College, and a health care psychology doctorate at the University of Minnesota.
