SCOPE AND CONTENTS OF THE RECORDS

These materials were originally filed with the court as exhibits to case files. The case files were microfilmed by the county and the exhibits removed following filming. Mainly black and white photographs of the St. Paul area, they depict street scenes, buildings, business vehicles, docks, the steamboat S. S. Samson, railway stops and crossings, railroad tracks and cars, interiors and exteriors of various downtown businesses, 1965 Mississippi River flooding, and results of a 1904 cyclone. There is also a 1901 map of St. Paul and a 1900 scale drawing of the Como-Harriet Electric Railway line along the south side of Como Park.
