Report No. 4099: Chicago, Milwaukee, St. Paul and Pacific Railroad, Whitman, Minnesota, July 20, 1966.
Report No. 4100: Chicago and North Western Railway, Kilkenny, Minnesota, October 16, 1966.
- Minnesota railroad grade crossing accident report compilations, 1937-1971.
22 folders.
Register forms, arranged alphabetically by city, containing brief data on accidents at railroad crossings, specifying the crossing, railroad name, railroad report number, time and type of accident, direction of travel, and the numbers (not names) of persons injured and killed.
Note to Researcher: Although brief, these entries contain sufficient information to identify the time and/or place of a specific accident, which could be used to find information in other potential sources, specifically newspapers.
