Location

Sale of wood to Capitol, 1871-1872.

Bids, agreements, and correspondence regarding sale of wood to heat the Capitol building.

Reports of Gross Earnings of Railroads, 1874.

Also includes list of the mileage of telegraph line in Minnesota belonging to the Northwestern Telegraph Company. Minnesota Laws 1873, chapter 17, section 43 required railroads to report annually to the State Auditor their total capital stock, gross receipts, expenses, and net profits. It is unclear how these gross earnings reports relate to that larger requirement. Later gross earnings reports are found with the records of the Taxation Department.

Salt spring land sales, 1878-1884.

Lists of land sold, accounts with the University of Minnesota board of regents, and related memoranda regarding the sale of salt spring lands owned by the university. Many of the items concern sales by Halour G. Stordock, based in Rothsay, of lands in the Fergus Falls area. The university hired Stordock during ca. 1880-1886 to sell its salt spring lands on commission, with the proceeds being deposited in the state treasury for re-release to the state geological survey. Much of the information in this files is also found in the university archives.

Correspondence of Charles Kittelson, 1880.

Primarily letters to state treasurer Kittelson (January 1880 – January 1887), largely regarding his Republican Party activities in St. Paul and Albert Lea, or requesting patronage appointments or favors.

Seed grain loan bonds, 1889, 1891.

With two letters of transmittal.

First Minnesota Regiment Monument fund, 1901-1927.

Correspondence regarding repair and maintenance of the First Minnesota monument on the site of the Civil War battle of Gettysburg, and the administration of the fund dedicated to that purpose.
